

EVENT FLOW STRUCTURE

1. There will be teams of 2 members.
2. You will have to solve 3 Sudokus and 1 Rubik's Cube.
3. Solve a Sudoku .
 - You will be given 3 sudokus (Easy, Medium, Hard).
 - You will have 30 minutes to solve all the 3 sudokus.
 - But at a time you will get any 1 sudoku to solve.

EVENT FLOW STRUCTURE

- The point system will be as follows :-
 - Easy - 10 points
 - Medium - 30 points
 - Hard - 50 points
- There will be penalty of 5 points on exceeding a minute. (after 30 minutes).

EVENT FLOW STRUCTURE

4. Solve a Rubik's Cube :-

- After solving all 3 Sudokus, you will be given a Rubik's Cube to solve.
- You will have 30 minutes to solve the Rubik's.
- Here the point system depends on the number of faces you solve in the cube.

EVENT FLOW STRUCTURE

- **1 face - 10 points**
- **2 faces - 20 points**
- **3 faces - 30 points**
- **4 faces - 40 points**
- **5 faces - 50 points**
- **all faces - 100 points**

HOW TO SOLVE A SUDOKU ?

1. A sudoku is made of 9x9 grids.
2. The grids are divided into 9 boxes (3x3)
3. Each box must be filled with 1 to 9 numbers. (without repeat)
4. Each column in the complete grid must have numbers from 1 to 9. (without repeat)
5. Each row in the complete grid must have number from 1 to 9. (without repeat)
